

# Octopus & Infinity Innovations

Discount voucher on your Standard Lux ac, hybrid or squirrel pod system purchase

## What we are offering?

With this new and exciting voucher scheme, you can claim up to £200 discount when you purchase a Lux unit using one of our approved installers.

## How does it work?

In order to receive your voucher simply contact us by email or by phone and we will arrange for you to receive a voucher. We will then recommend you a one of our approved installers.

## What is an approved installer?

Our approved installers are companies who have received training with Infinity Innovations Ltd. and are regularly supplying and installing the Lux Power systems throughout the UK. Each company has also agreed to honour this discount at point of payment.

## How do I know this is genuine?

You do not need to make the installation company aware that you are using the voucher scheme until the point of payment. You can contact them as any customer would contact them and provide the voucher only at point of payment. This way all prices and discounts remain genuine. Voucher and you will get off up to £200 of your unit.
